Press Release

Prominent Community Members Delivered Meals on Wheels to Nashua Residents for SJCS Community Champions Week

Nashua, NH – March 2016: St. Joseph Community Services (SJCS), the provider of Meals on Wheels throughout Hillsborough County, was pleased to welcome State Senator Kevin Avard, State Representative Kermit Williams, Chief Andrew Lavoie of the Nashua Police Department, Chief Mark Doyle of the Merrimack Police Department, Hollis Fire Chief Rick Towne, Hollis Firefighter Jennifer Govostes, and members from Merrimack Friends & Families as “Community Champions” the week of March 21st as part of a national week-long event promoted by Meals on Wheels America. These Community Champions volunteered their time at SJCS Meals on Wheels’ nutrition site at the Nashua Senior Activity Center to help deliver nutritious meals to homebound elderly and disabled adults in the surrounding Nashua area. These Champions were joined by many others throughout the county.

By volunteering, the Community Champions helped to generate public awareness about elder hunger and isolation and to celebrate the invaluable services provided by SJCS Meals on Wheels. Nashua Meals on Wheels recipients were equally pleased to have an additional visitor during their week day.

St. Joseph Community Services is dedicated to promoting better physical and mental health of older and other qualified adults through the provision of nutritious meals and vital safety checks. SJCS strives to meet the diverse needs of its clients through volunteerism and extensive collaboration with other community services.
