Service Credit Union Business Connection Workshop: Understanding How Tax Laws Affect Your Business

PORTSMOUTH, N.H. (September 12, 2016) —Service Credit Union invites entrepreneurs and small business owners to attend the next seminar in its Business Connection Series, “Understanding How Tax Laws Affect Your Business.” The event will be held at Red River Theatres in Concord, N.H. on Thursday, September 22nd, from 9:30 a.m. to 1:30 p.m.

This workshop is designed to educate small business owners on what they need to know about the top federal and state tax issues in 2016, so they can effectively communicate with their CPAs.

Service Credit Union has invited tax professionals from Rath, Young & Pignatelli, P.C. and Baker Newman Noyes to discuss common federal and state tax issues facing small business owners in New Hampshire. The speakers will address the tax benefits and implications of different forms of entity, employees vs. independent contractor status, when a business needs to file in another state and more. The event will also include time to network with other business owners and entrepreneurs. Lunch will be provided.

“It is important for business owners to stay up to date on the latest tax laws and developments that affect their financial well-being. Service Credit Union has developed this Business Connection to be informative, educational and interactive, providing a forum for business leaders to exchange information, discover new

tools and engage in high quality networking opportunities,” said David Weed, Assistant Vice President of Service Credit Union’s Business Services Department.

Service Credit Union’s Business Connection Series events are free, but registration is required. Please visit www.servicecu.org/businessconnection or call Service Credit Union at 800.936.7730 to register.

Service Credit Union is a full service financial institution with almost 300,000 members worldwide, offering a wide range of financial products to its members.
