

For the third year in a row, United Way of Greater Nashua is planning its “United We Sleep to End Hunger and Homelessness” event. This will take place on the grounds of the Nashua Community College September 21/22 and is an experiential fundraiser for United Way.

The participants raise money to support the funding of United Way’s safety net of programs such as access to dental care, access to food supports for low income homebound elderly, and transitional housing programs to move people from homelessness to housing security. Over the past year the event has raised \$140K for these programs due to the efforts of almost 150 individuals and the donations of over 1,000 residents.

According to United Way President Mike Apfelberg, “More than begin a fundraiser, the event is the opportunity for people to learn about the major causes of homelessness and explore pathways to success out of the cycle of poverty. Participants, through learning sessions, conversation, and experience, come away much more aware of how they can make a difference in the community.”

More information about the event, how to join up, become a supporter or sponsor, and get involved can be found at www.unitedwaynashua.org under “Events” or on the event page itself at <https://app.mobilecause.com/vf/sleepout2018>. United Way of Greater Nashua fights for the health, education, and financial stability of every person and is a 4 Star Rated organization with Charity Navigator.
