

Networking Groups

As a member of a GNCC Networking Group, you will participate in structured networking with like-minded business contacts within your community, create opportunities to develop a more effective lead funnel, and learn strategies to enhance your networking capabilities to produce results

To be eligible for one of our Networking Groups, participants must be Chamber members or employees of members in good standing and remain as such throughout the duration of the networking group commitment. A termination of Chamber membership will result in removal from the networking group.

Networking Groups run in six-month sessions with 13 meetings per semester (January-June and July-December).

Given that one of the most valuable pieces of participation in these groups is relationship-building, consistent meeting attendance is important. If an absence is unavoidable, you are encouraged to send a co-worker or partner in your place, this will not count as an absence. After three absences the Chamber reserves the right to replace you with another applicant from the same industry, or drop you from the group altogether.

For the Networking Groups, there is a one-time application fee of \$50 and a nominal \$20 participation fee per 13 meeting semester. All fees are non-refundable.
